Zigozago

raspberryrascals.com.au

Italian brand **Zigozago** were at Bubble for the first time – in fact it was their first ever UK trade show – and they made quite a splash with their colourful range of baby accessories. Bibs are at the heart of Zigozago, although the collection also includes cot bedding, baby sleeping bags, a bath range, travel accessories and beautifully detailed quilted play mats. Every piece is designed by the brand's creator Luisa Masciello, and handmade in Italy with all the passion that the Italians are famous for.

Zigozago is not available in Australia, but you can buy directly through their website as they offer international shipping.
